AUTODESK
Gold Partner

C AUTODESK®
BIM COLLABORATE PRO

Connect Teams, Work flows, & insights.

Design, coordinate, & execute design intent across project teams

—

✔ Revit Cloud Worksharing

✔ Collaboration for Civil 3D

✔ Collaboration for Plant 3D

✔ Democratized access to design data

✔ Advanced change analytics

✔ Automated Clash Detection

**AUTODESK®
BIM COLLABORATE PRO**

Experience smarter co-authoring across design teams using leading tools:

Revit, Civil 3D, and Plant 3D..

Smarter, more seamless design collaboration with BIM Collaborate Pro

Coordinate constructability with teams and models in the cloud.

■ **Anytime, anywhere collaboration**
Connect your teams, data, and workflows on the go . *formerly BIM 360 Design

■ **Stay on top of project changes**
Track issues to resolutions, and realize better outcomes with project controls and advanced analytics.

■ **Powerful data management**
Centralize, organize, and structure design data management in a common, secure data environment.
