

ideacentre AIO 5i (27")

MODERN DESIGN, FUTURE-ORIENTED PERFORMANCE.

Inspired by the great outdoors, the eye-catching Lenovo™ IdeaCentre™ AIO 5i takes its cue from the mighty Cypress tree. Perfectly balanced and durable without sacrificing an ounce of performance with a 10th generation Intel® Core™ processor, this all-in-one PC represents an appealing addition to any home.

WHY YOU SHOULD BUY LENOVO IDEACENTRE AIO 5i (27")

Packs a big punch in a small frame

Designed to handle heavy workloads and render quickly, IdeaCentre AIO 5i is powered by a 10th generation Intel® Core™ processor, which effortlessly handles your most demanding software and programs. This means less idle time and more creativity and productivity time.

Great to look at; better to watch with

With an up to 93% screen-to-body ratio and thin, narrow bezels, IdeaCentre AIO 5i puts up fewer visual distractions and more screen real estate than a regular display. A QHD resolution display further enhances your viewing experience.

Audio that leaves you breathless

A truly immersive audio experience awaits. On top of certified JBL® speakers by Harman®, Dolby® premium sound, two 3W tweeters and one 5W woofer - all sync together to deliver a powerful, crystal-clear, rich audio every time you crank it up.

Do more, with less effort

IdeaCentre AIO 5i capabilities are world-class. Built into the base of the stand are wireless charging technologies that let users recharge their phones by placing them on top of the base, without needing to plug-in any cables. Your time's important, as is your privacy. That's why the IR camera and Windows Hello feature lets you login quickly, easily and securely - all you need to do is, smile. The TrueBlock Privacy Shutter also lets you block the webcam whenever you like.
